

23. Continue. When I was about four yrs. old I took a pair and went to the wood-pile to pick up bark off of logs, & small chips to lay down to start a fire with in an fireplace & wood cook stove. and in the fall of the year I would gather dry brown weeds that make good fire starters. and I got alder & fed pigs - carried water to them, and also milked & fed cows and calves - chickens - & we had horses instead of tractors & they also had to be fed & watered.

24 No. when they had the money to spare they would buy me a red soda & peanut pattie that cost a nickel a piece. as I became a teenager - Mom would let me gather eggs - chicken & sell them on Sat. in town they paid me 7¢ a dozen and I would have a about 5 dozen = 35¢ Show cost 10¢ coke 5¢ P.N. Pattie 5¢ Popcorn 5¢ and I would have a 10¢ left for something else.

25. I loved school for the first seven yrs. I went to Calf Creek 7 yrs. Then I rode a bus to Brody Texas. I loved reading, arithmetic, and Geography, History, and recess. my worst was spelling, then music, and English. I quit school in the 8th. Grade. and enlisted in the US Navy, after WWII was over I went to work for the R. E. A. Rule Electric COOP. and I went on the Job Training for two years.
